Procedures

The technical procedures defined in item (D) of the preamble on page 1. It is strongly recom-

mended that the User and the Proxy User take note of the Procedures since they are likely to affect the manner in which the Subscribed Services are made available or can be used.

Reactivation (or Reactivating/Reactivated)

Means the procedure according to which the User, the Proxy User, or LuxTrust proceeds to reactivate a Subscribed Service or a Certificate that has been subject to Suspension.

Fees

Amounts owed by the User in consideration of the provision of the Subscribed Services by LuxTrust.

Renewal

The procedure according to which the User or Proxy User, respectively, can renew his Subscribed Service before its validity date expires. In case of Subscribed Services using Certificates, the Renewal operation allows for the performance of a "re-key" of the Certificate, or to receive another Certificate whose initial generation data remains the same but with different keys.

Subscribed Service

A combination of services, Devices, Access Codes and, where applicable, optional services (such as the Certificate) referred to in the Order Form and which are dealt with in the Contract. In the Terms and Conditions, the Subscribed Service designates both the combination of elements composing it as well as each element individually.

Signing Stick

Device consisting of a USB stick (or similar hardware) containing a SmartCard.

SmartCard

Suspension (or Suspending)

A procedure initiated by the User, the Proxy User or by LuxTrust according to which the validity of the Subscribed Service is suspended, thus preventing any use of the Subscribed Service until Reactivation by LuxTrust or by the User or Proxy User, respectively, according to the detailed procedures provided for in the Contract and in the Procedures.

Token

A Device that periodically generates a new password required for using the signing server account.

Upgrade

The Upgrade of a Certificate refers to a Certificate being upgraded to a "qualified" level as defined under eIDAS. The level of the existing Certificate for the Subscribed Service is described on the Order Form or on the LuxTrust website.

User

See article 1.1. The term User in the Terms and Conditions is the equivalent of the term "subscriber" in the technical specification ETSI TS 101 456 v.1.4.3 or any other later version. Proxy User A natural person authorized by and under the responsibility of the User to use a Subscribed Service (including the Electronic Seal) issued for the User's account (the User generally being the employer of the Proxy User). The User must formally authorize LuxTrust to provide a Subscribed Service to the Proxy User and inform the latter of all the obligations incumbent upon him on the basis of the Contract.

The Subscribed Service attributed to a Proxy User remains valid and is Renewed or automatically reactivated up to its Blocking by the User or the Proxy User.

The Proxy User is the only person authorized to know the Access Codes linked to the Device provided in order to use the Subscribed Service. The Proxy User shall always act on behalf of and under the exclusive liability of the User.

The term Proxy User in the Terms and Conditions is the equivalent of the term "subject" in the technical specification ETSI TS 101 456 v.1.4.3 or any other later version.

Proxy User for Electronic Seal

A physical person authorized by and under the responsibility of the User to use a Subscribed Service issued on behalf of the User (which is generally the Employer of the Proxy User). The User must inform the Proxy User of all his obligations under the Contract and define a policy for the use of the Certificate for Electronic Seal as defined in Article 5.2 (e) as well as measures to avoid any Impairment as described in Article 5.2 (h).

The Subscribed Service assigned to a User remains valid and is Renewed or Reactivated until it is blocked by the User.

The Proxy User always acts for the account and under the exclusive responsibility of the User.

13. COMPLAINTS, DISPUTES AND APPLICABLE LAW

13.1 Any complaint concerning the Subscribed Services may be addressed to LuxTrust at the contact details mentioned in Article 11.2.

13.2 The Contract shall be governed by the laws of Luxembourg.

13.3 The Parties undertake to submit any dispute relating to the Contract exclusively to the courts of the judicial district of Luxembourg. In the event that the User has his registered office or his domicile outside Luxembourg, LuxTrust may, however, act before the territorial jurisdiction of the registered office or domicile of the User. If the User is a consumer resident outside of Luxembourg, this clause shall not preclude him from being able to apply to the courts of his country of residence or to invoke the provisions of the national law of his place of residence.

ANNEX 1 - PROVISIONS SPECIFIC TO THE CERTIFICATE

1. GENERAL PROVISIONS

While these documents are essential in the description and governance of certification policies as well as in the description of practices of LuxTrust (the certification authority), users of the LuxTrust infrastructure may encounter difficulties related to the complexity of the associated designs.

Without prejudice to the Procedures and in order to allow the Users and/or Proxy Users to understand and be able to make informed decisions, LuxTrust has published publishes the Infrastructure Practices Declaration at the following link: <https://www.luxtrust.lu/upload/data/repository/PDS.pdf>.
